

Ordering a Rotodrum is really easy: you just have to choose the diameter you want, the material of the shell and the color you prefer. You don't have to choose the height of the drum anymore!

Standard bags are available in all size: from 8" to 24", SLIM (for 1 tom), FAT (for 2 or 3 toms) or BD (1 or 2 toms or snare with the bass drum). All bags contain soft pillows to divide the different toms.
